Letter no A S C 911/41-42 d 3 10-41 from the Deputy Comr Kolar Dist requesting Sanction to the proposal of the Bowringpet Town Municipal Council to reduce the rate of toll from two annas to one anna on bicycles in the said municipality

1) It is stated that in the other municipalities of Kolar Dist, the rate of toll on cycles is only one anna, and it appears that the total income from this source would not be reduced even if there is a reduction in the rate as proposed by the Municipal Council

Subject - Reduction of the rate of toll on bicycles in the Bowringpet Town Municipality

******

I have the honour to state that the levy of toll on bicycles at the rate of Re 0-2-0 each in the Bowringpet Town Municipality was sanctioned in G O No L 3877-79/11 69-38-36 dated 11/11/1938 and has been in force in the Municipality since 1/4/1939 The President, of the Municipality now reports that as a result of Public agitation for the reduction of the rate to one anna, the subject was discussed at the Bowringpet Taluk Conference held on 16th December 1939, wherein it was resolved to recommend the matter to the Municipal Council for consideration There upon the subject was discussed at a meeting of the Municipal Council and it was resolved to reduce the rate to one anna The Municipal Council have again resolved at a subsequent meeting held on 29/5/1941, that the rate may be reduced to one anna and they expect that the income under Tolls" even at the reduced rate will not fall below the income at the existing rate In support of this resolution, the President states that persons who keep their cycl outside the Municipal limits to avoid payment of a toll of two annas would not mind paying one anna and bring the cycles into the town and this would make up for any loss occasioned by the reduction of the rate He therefore requests that the proposal may be recomended to Government for sanction

The income which the Municipality has derived from "Toll" ever since the levy was introduced is noted in the margin But the exact

(The Municipality has incurred an expenditure of about Rs 1000/- for Managing the Toll Gates Amani)

the exact amount of income derived on account of the levy of toll on cycle alone cannot be ascertained as no separate accounts are maintained in this behalf

There appears to be some force in the cortertion that the proposed reduction of rate will not have an adverse effect on the income under this head though the Municipal Council cannot be so very confident about it Further, this is the only Municipality in this District which levies a toll of two annas per cycle, all other Municipalities where this levy is in force levying only one anna as could be seen from the marginally noted particulars In these circumstances the Municipal Council of Powringpet may also be permitted to adopt the same rate, and I request that Government may be kindly moved to issue orders accordingly
